

**Pt. 263, App. A**

**33 CFR Ch. II (7–1–11 Edition)**

borne entirely by the United States; therefore there are no requirements for local cooperation. The cost of any lands, easements or rights-of-way required for construction or subsequent maintenance will be borne entirely by the United States.

(2) Where section 111 projects are to be accomplished in conjunction with other works (§263.15(a)(2)) local interests will be required to furnish assur-

ance of local cooperation similar to those required for regularly authorized projects for their assigned portion of the work.

(3) Where section 111 projects are to be accomplished in conjunction with authorized projects, the requirements of local cooperation specified in the authorizing document or report will apply.

**APPENDIX A TO PART 263—HISTORY OF PROGRAM AND PROJECT LIMITATIONS  
CONTINUING AUTHORITIES PROGRAM**

Section/law	Date	Public law No.	Federal cost limitation per project	Annual program limit
<b>(1) Small Flood Control Project Authority (Sec. 205)</b>
